Cemetery Oversight Committee Meeting Minutes

Tuesday January 26, 2021 - 9 AM

The meeting was called to order via Webex at 9:05 AM

Members present:

Frank Monaco, Mike Runyan, Bill Beyer, and Joe Morandi

Also in attendance John Sanchez, DPW Director, Frank Anderson Buildings and Cemeteries Superintendent, and Nicole Runyan, Lead Foreman

The group discussed how to create and or modify the rules to allow some graveside temporary plantings and decorations for a limited amount of time during holidays and special events at the cemetery.

Also discussed was the installation of permanent signs describing some of the rules and regulations and stating where the entire rules can be found.

Additionally, it was discussed signage for when these decorations will be removed. 2 weeks after the holiday or event seemed to be a consensus.

Posting a note at the grave site of when non-authorized or unsightly items will be removed was also part of the discussion

Finally there was discussion about not permitting any items made of glass or ceramics as these are very fragile.

Prior to the next meeting, a red-lined version of proposed changes to the rules and regulations will be circulated to the committee members for discussion at the meeting.

The meeting adjourned at 10 AM
