

128 DISTRICT DEVELOPMENT CASE STUDIES

REGIONAL MIXED USE EXAMPLES

CORPORATE OFFICE PARK/Wellesley Office Park

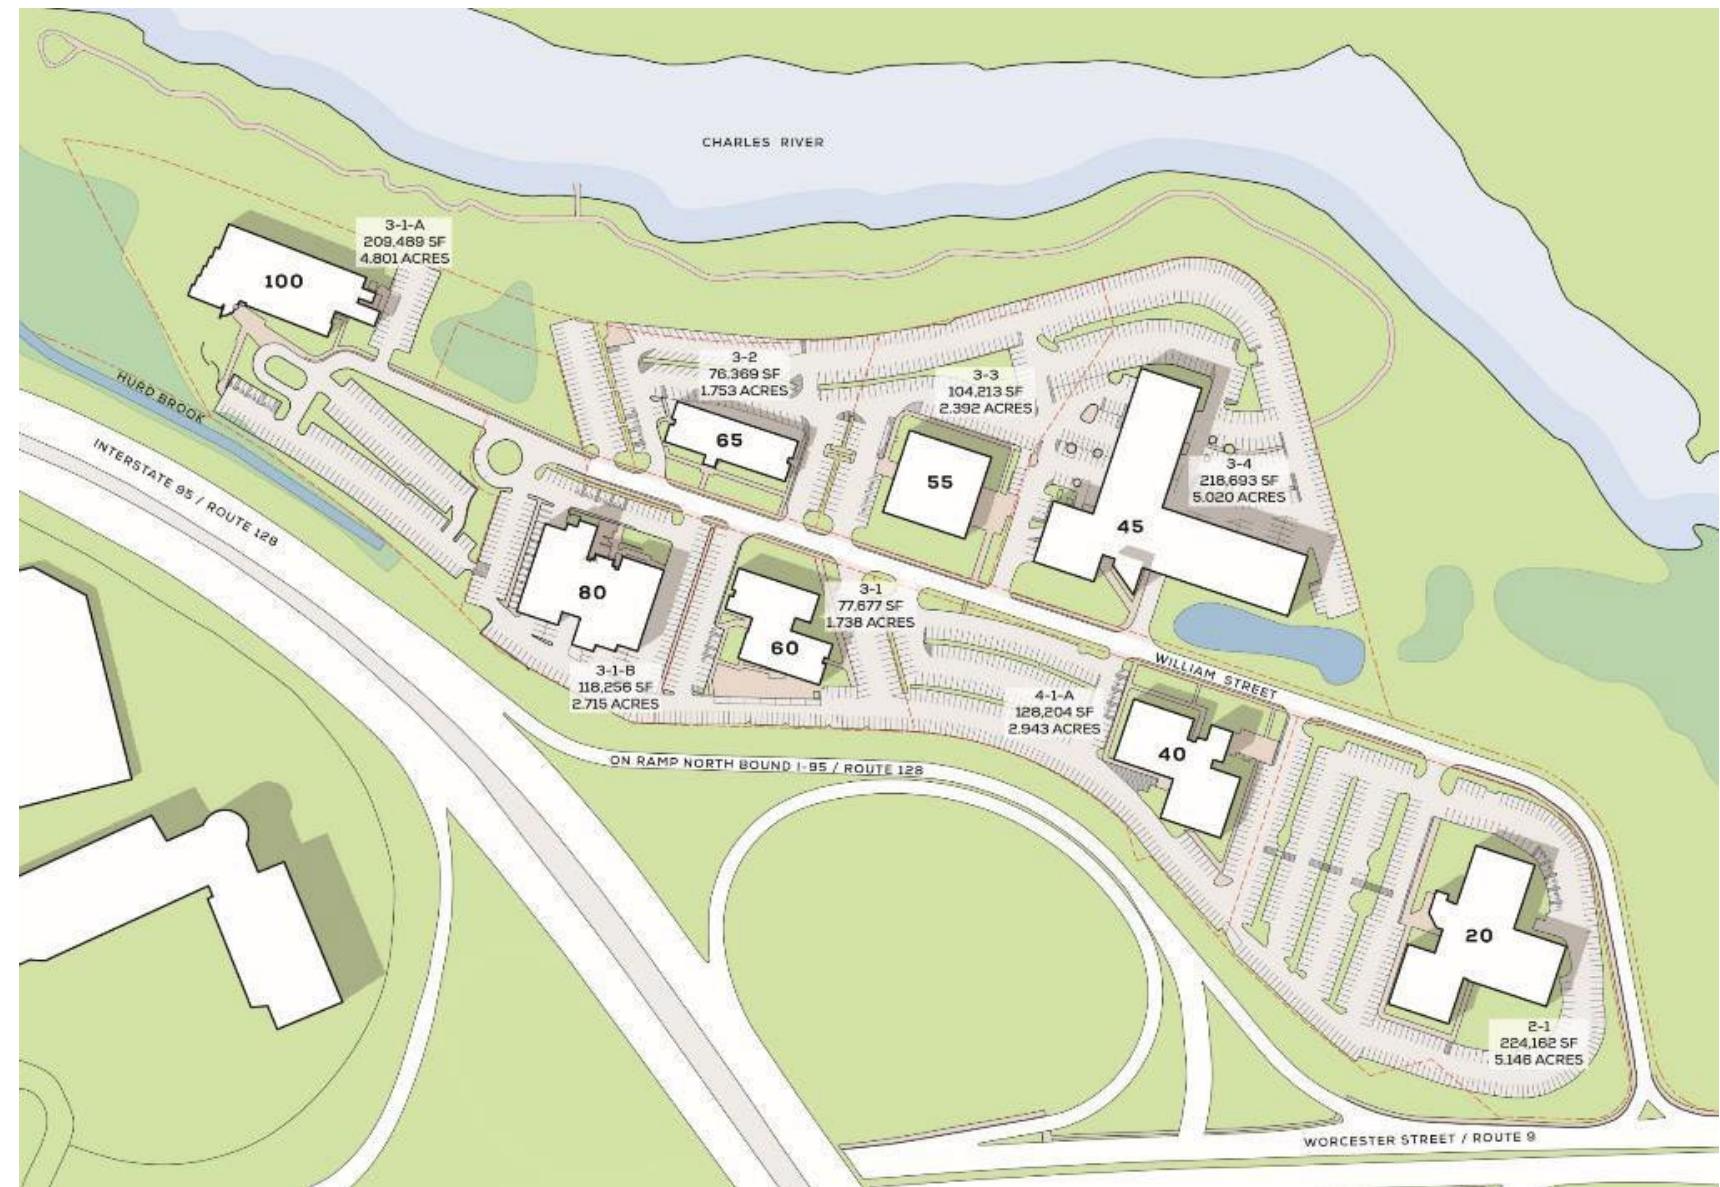

Master Plan and Zoning Implementation

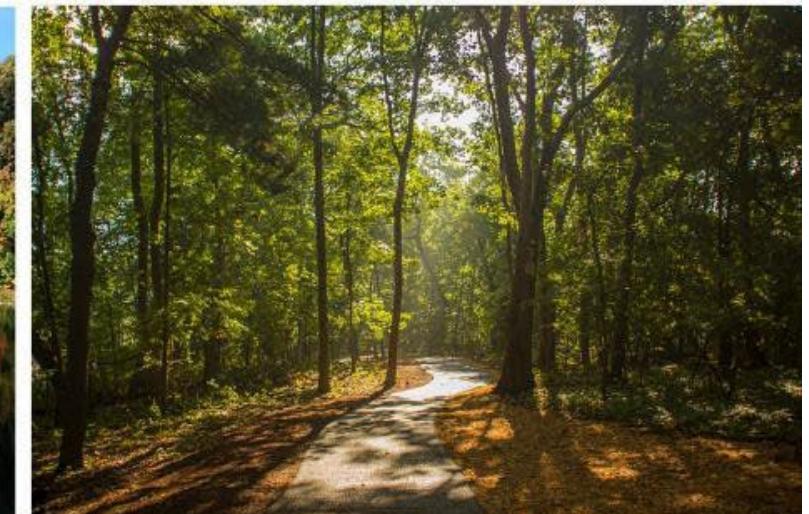

CORPORATE OFFICE PARK/Wellesley Office Park

Site Plan and Program

- 26 +/- Acres
- 8 Office Buildings
 - Built between 1961 and 1984
 - Building height three (3) to four (4) floors
 - 649,000 GSF
 - All surface parking
 - 1,927 SP
 - Café and fitness center in Building 55

CORPORATE OFFICE PARK/Wellesley Office Park

Current Development

WELLESLEY OFFICE PARK MASTER PLAN
NOVEMBER 2018

CORPORATE OFFICE PARK/Wellesley Office Park

Development Constraints (2018)

Zoning Constraints

- FAR limit of 0.4 per lot (by special permit),
- Height limit of 45 feet,
- Hotel, residential and retail uses all prohibited,
- Existing buildings are “grandfathered” in a number of ways.

Physical Constraints

- Flood plain
- Wetlands and Riverfront Areas
- Access limited to Route 9 intersection.

Master Plan Objectives

Town of Wellesley Objectives

- Further the goals of the Housing Production Plan
- Increase real estate and use tax revenues
- Enhanced sustainability and resiliency

John Hancock Objectives

- Introduce a complementary mix of uses to the office park:
 - *Residential*
 - *Hospitality*
 - *Small-scale retail*
- » Enhancements and amenities for existing tenants
- » Improve sustainability and resiliency

CORPORATE OFFICE PARK/Wellesley Office Park

Conceptual Master Plan

- Potential Build-out
 - 650,000 +/- SF Class A Office
 - **600 +/- residential units**
 - Select service hotel
 - Amenity retail
 - Structured parking supporting proposed uses

CORPORATE OFFICE PARK/Wellesley Office Park

Master Plan Concepts

1. Active Mixed-Use Neighborhood
2. A Reinvented William St.
3. Central Green
4. Environmental Enhancement

STORRS TOWN CENTER

Storrs Center opened in 2012 as a new, mixed-use downtown for the town of Mansfield, CT, replacing a small shopping center adjacent to the University of Connecticut.

STORRS TOWN CENTER

- Storrs Center opened in 2012 as a new, mixed-use downtown for the town of Mansfield, Connecticut, replacing a small shopping center adjacent to the University of Connecticut.
- 11 mixed-use buildings with 626 rental apartments and 139,707 SF of retail and office space
- 42 for-sale townhouses and condominiums on site.
- New uses include a supermarket, restaurants, a medical center, bookstore and other businesses to create an eclectic college-town atmosphere.
- A half-acre town square and 20 acres of nature preserves provide places for gathering and recreation.
- Project initiated by a partnership formed with the town, UConn, and local business leaders.
- Master developer LeylandAlliance together developer EdR (Education Realty Trust) built the
- \$169 million retail and residential development
- The town used over \$25 million in grants for on-site infrastructure and planning.

LAND USE PLAN	Acres	% of Site
Retail and residential buildings	5.5	12%
Parking garage and transportation center	0.9	2%
Public streets, sidewalks, and parks	16.0	34%
Alleys, utilities, and surface parking	4.7	10%
Nature preserve	20.5	43%
Total	47.7	100%

GROSS BUILDING AREA (GBA)	
Use	Building area (sq ft)
Office	30,776
Retail/restaurant	108,931
Residential	507,704
Parking garage	235,200
Total GBA	882,611
Parking spaces	1,149 spaces

STORRS TOWN CENTER

STORRS TOWN CENTER

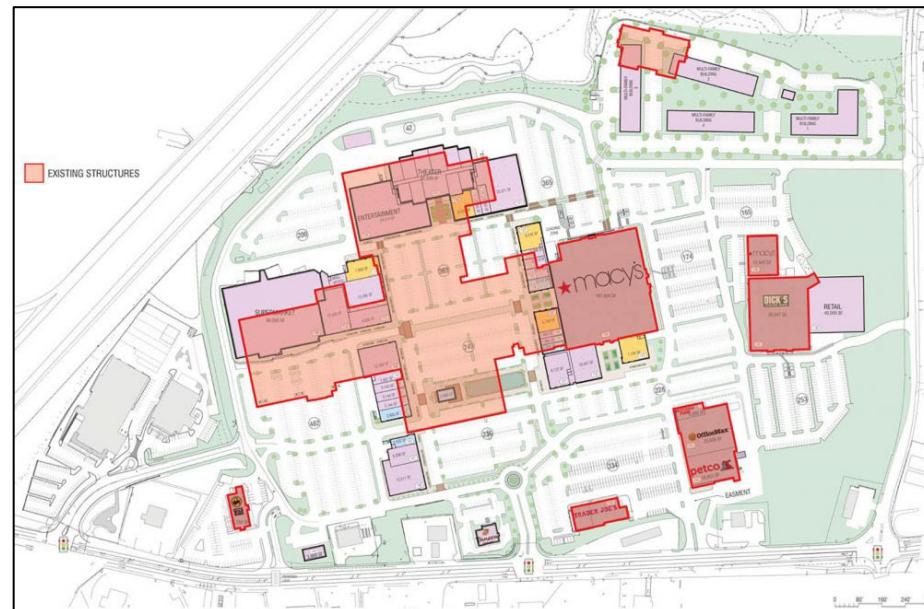

HANOVER CROSSING

- The 13 acres site was an underperforming mall for several years
- Town approved a Special Permit and Site Plan in December 2019.
- Project allowed under the overlay of the Village Planned Unit Development (VPUD) overlay district on the Shopping Center Zoning District
- Overlay district encourages mixed-use commercial and residential development.
- Developer (PREP) built a new wastewater treatment plant to manage expanded development.
- The state allowed 13 additional liquor licenses specifically for the development.
- 297 new luxury apartments opened in fall 2022.
- National Amusements (Showcase Cinema) opened in Spring 2023 with an 8-screen deluxe cinema complex.
- Market Basket completed construction of an 81,000 SF grocery store and 12,500 SF Beer & Wine Shop in 2022.
- Existing and new retail stores are being reconfigured into a new lifestyle format with gathering spaces and activated frontages.

ALEXAN APARTMENTS

GREENBUSH STATION TRANSIT VILLAGE

Project Description

- ❑ Mixed-use project, including retail, commercial and residential uses on the existing MBTA parking lot at Greenbush Station, 247 Driftway, Scituate.
- ❑ The project consists of 78 residential rental apartments located in 4 3-story buildings with covered garage parking on the first floors of the buildings and approximately 10,500 square feet of retail and commercial space in a separate building.
- ❑ The 78 residential units are a mixture of 27 one-bedroom and 51 two- bedroom units. Each of the residential buildings/units and retail/commercial spaces have dedicated parking spaces that meet or exceed the minimum parking thresholds.

Residence at Greenbush Station (Under Construction)

GREENBUSH STATION TRANSIT VILLAGE

Project Description

- The commercial building is closest to the MBTA train station and will have retail use on the first floor and commercial use on the second floor. A separate building and parcel of the property will have direct access of the Driftway and include a coffee shop with a drive-thru window.
- The site is designed to be connected via a series of internal site drives and sidewalks, indoor and outdoor sitting areas, and landscaping and buffering from abutting properties.

Residence at Greenbush Station (Under Construction)

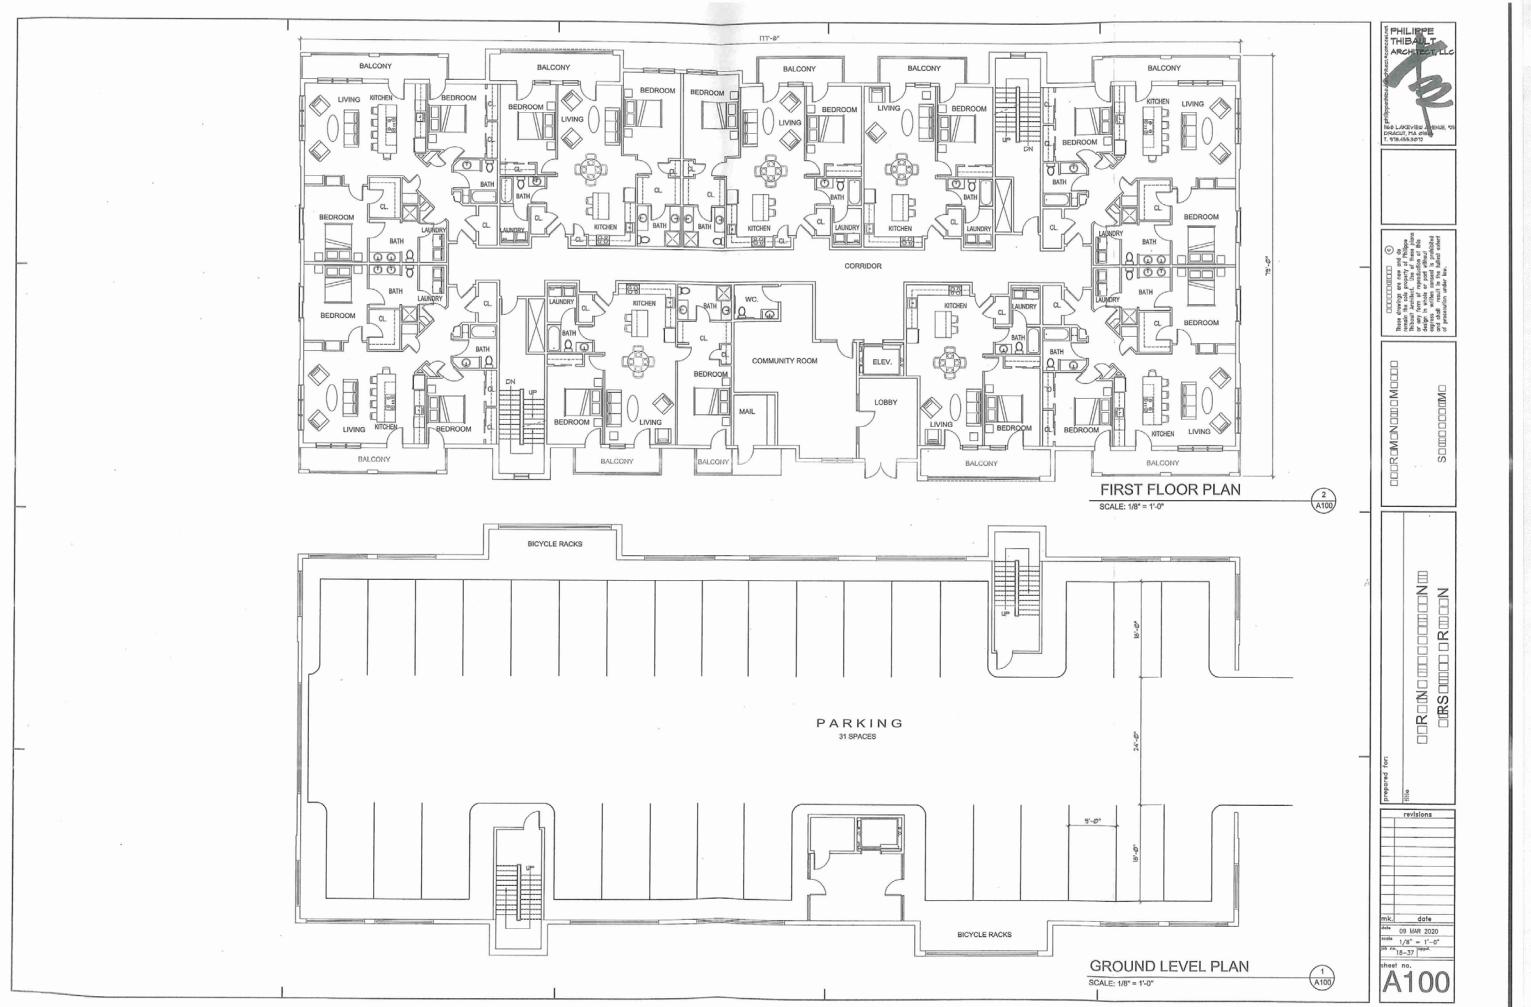

GREENBUSH STATION TRANSIT VILLAGE

- MBTA Sale:** 4.46 acres owned by MBTA and under agreement to be sold to Drew Company. MBTA will continue to own the Greenbush Station property and west parking lot with a permanent, access easement with 196 surface parking spaces to serve the MBTA Greenbush Station.
- Parking:** Approximately 80% of the parking for the residential units is located on the first level of the buildings below the buildings in a covered garage area accessed from the private ways
- Street Parking:** The developer is reconstructing the Old Driftway to provide for additional 17 on street parallel parking spaces within the ROW layout of the street.
- Mixed Use Zoning:** The developer obtained a special permit from the Town under Section 560.4 of the Scituate Zoning Bylaws (Village Business Overlay District Special Permit) which allows for horizontal and vertical mixed-use development.

Typical Floorplan

Residence at Greenbush Station (Under Construction)

GREENBUSH STATION TRANSIT VILLAGE

- Affordable Units:** 15% of dwelling units will be affordable to low- and moderate-income households. The Project provides much-needed rental housing options in Scituate and supports a growing transit-oriented village and community.
- Infrastructure:** The developer participated in at \$2.2 million MassWorks Infrastructure to address Inflow and Infiltration ("I&I") remediation to restore significant public sewer design capacity. The developer also contributed \$229,000 towards the cost for infrastructure improvements.

LINDEN SQUARE, WELLESLEY, MA

- Medium sized mixed use infill development
- Shared access and parking, street side parking (on street but not in ROW)
- Internal connection to public sidewalk
- Buildings placed at near ROW with commercial use on ground floor and residential on upper floors
- Streetscape activation with street trees, blade signs, plazas and sidewalk seating
- Parking placed behind frontage buildings

LINDEN SQUARE, WELLESLEY, MA

Infill Development Oriented to Street and Pedestrians

New “Streetside” Parking Added (on private land but functions as public on-street parking

- **250,000 SF Lifestyle Center on former Strip Development Site**
- **Parking ratio: 3.5 spaces/1000 for mixed use; provides 10 on-street parking spaces**

LINDEN SQUARE, WELLESLEY, MA

Streetscape Enhancements, Doorways on the Sidewalk, and Storefront Windows

LINDEN SQUARE, WELLESLEY, MA

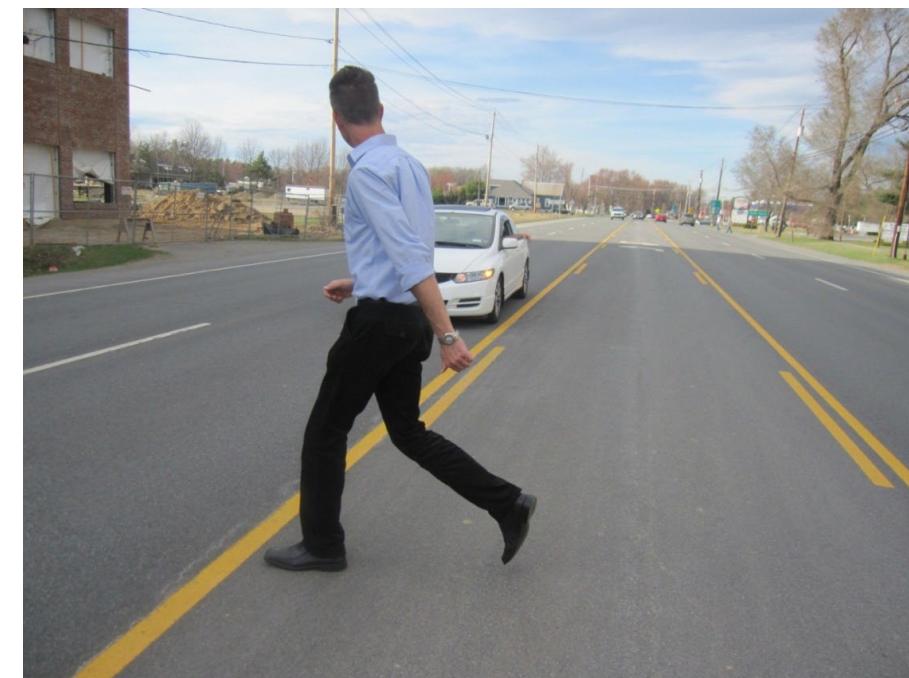

Streetside Plaza in the Building Frontage Zones Created Attractive Gather Spaces Adjacent to the Public Sidewalk

LINDEN SQUARE, WELLESLEY, MA

US ROUTE 5

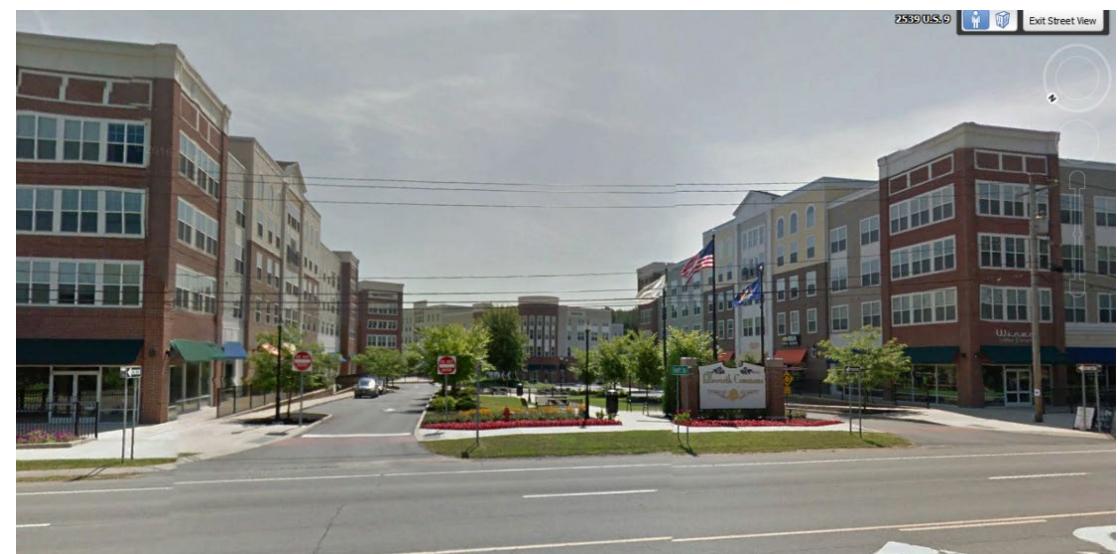

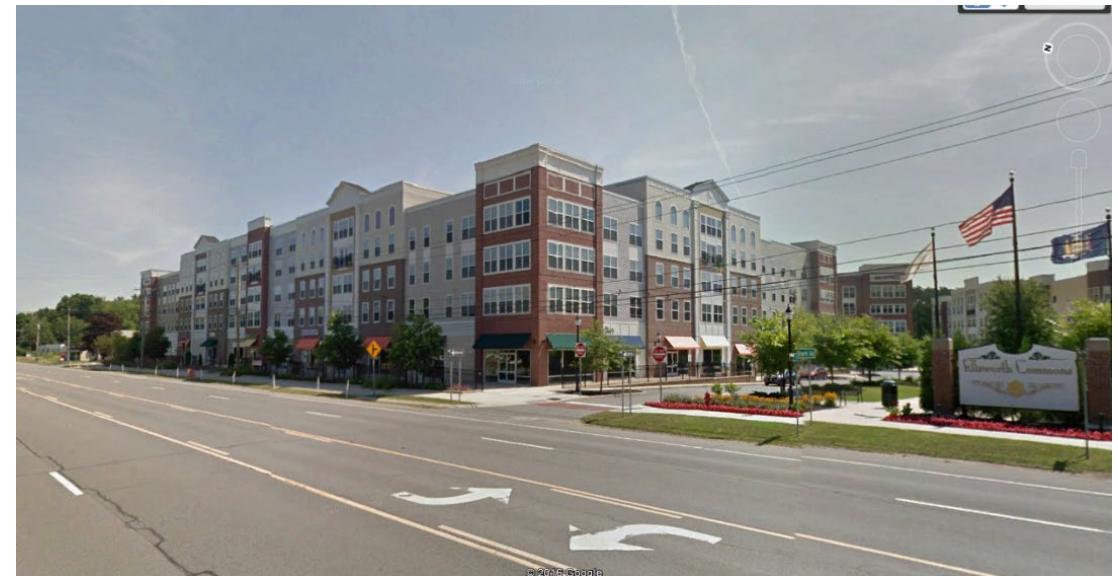

Route 5 is a major arterial with few amenities for pedestrians, bikes, or transit. Future plans call for major streetscape and multi-mobility improvements

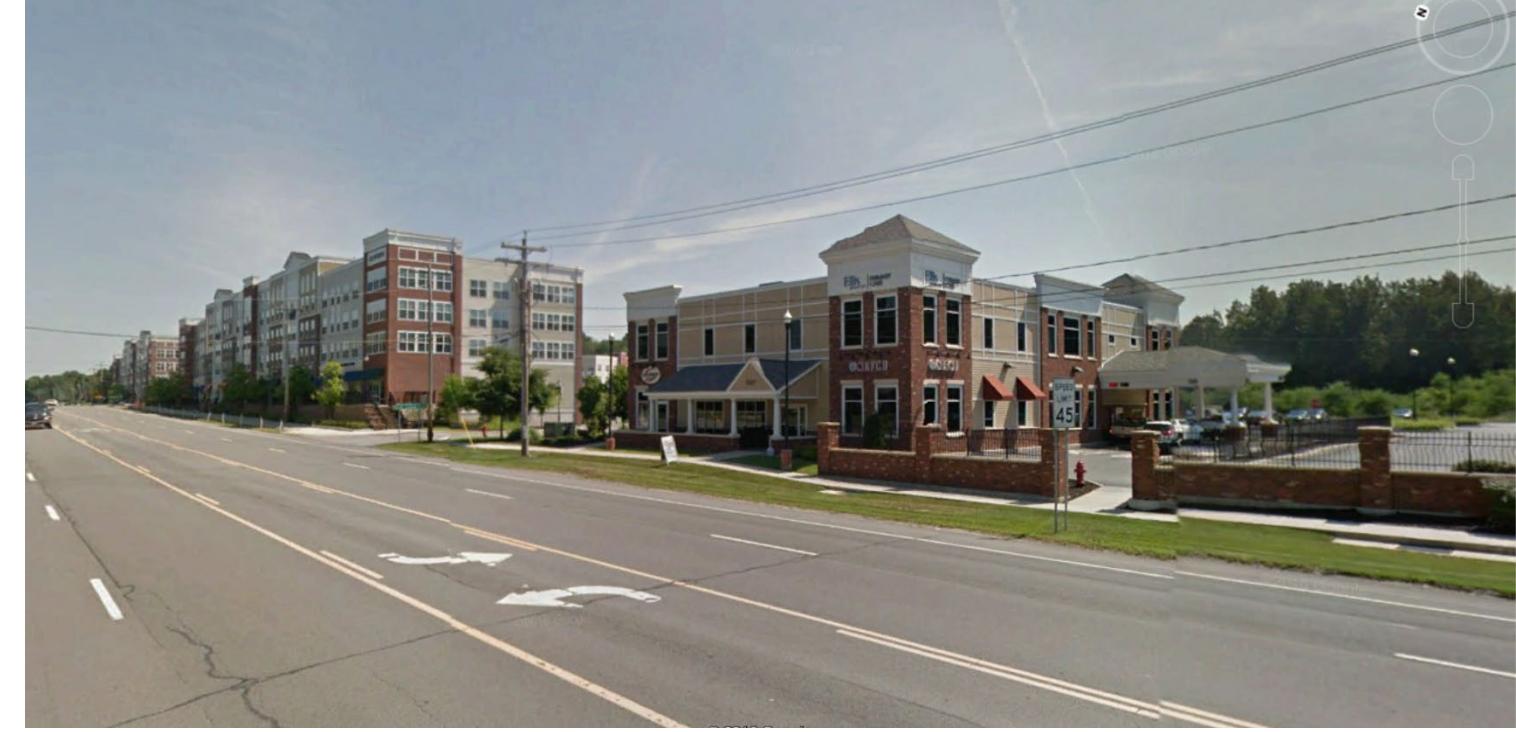

Ellsworth Commons: Large mixed use development with no front setback, street trees and ornamental lights on frontage, direct access, internal connection to public sidewalk, common open space, and all parking placed behind frontage buildings.

Parking behind and under the buildings; Seating Terraces in front of buildings; streetside (private) parking; Common/Green for gatherings; Mixed use buildings on frontage/ Residential buildings to the rear.

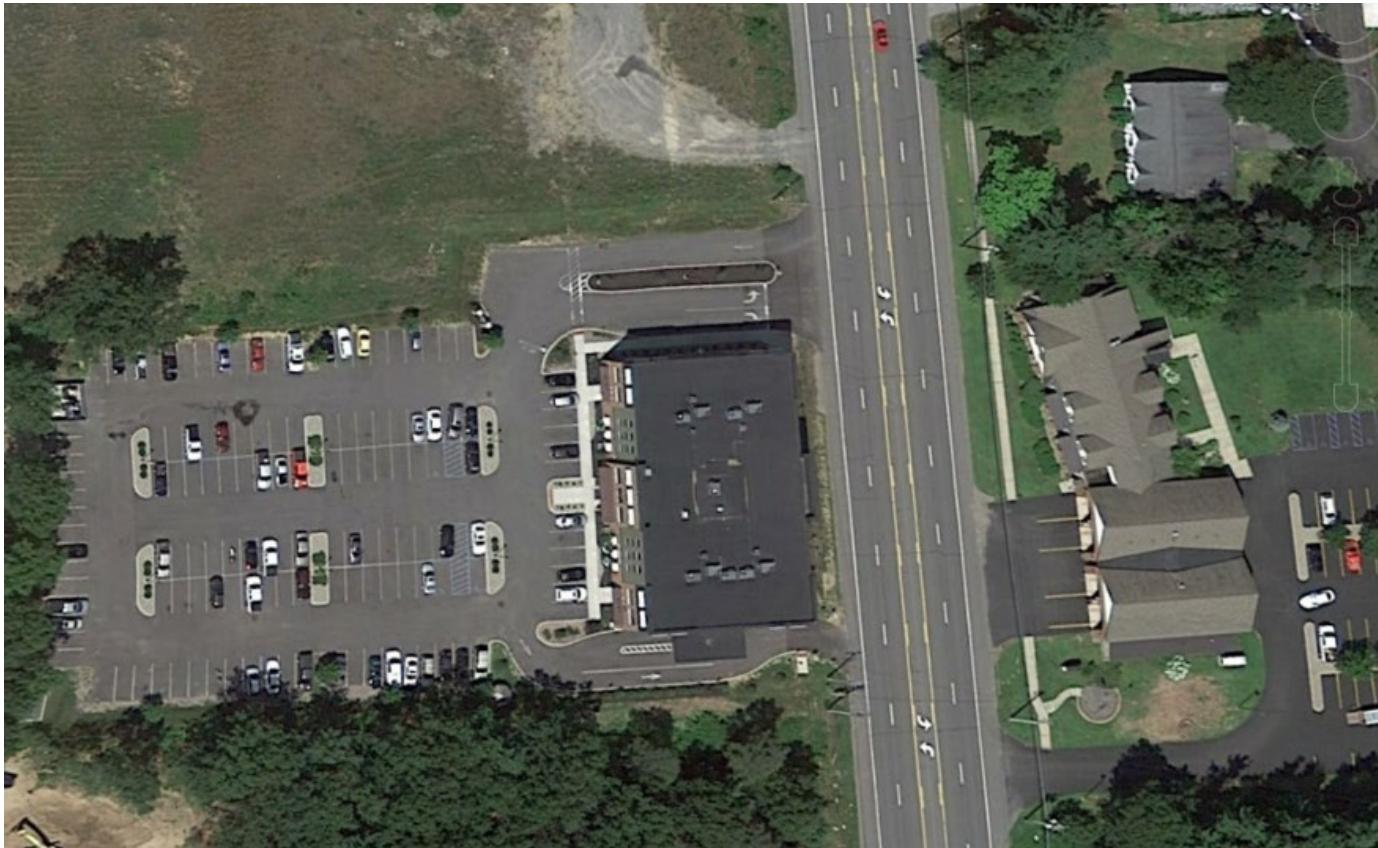

US ROUTE 5

**US ROUTE 5**

CVS and CCF Credit Union: Parking behind and to side of buildings; Seating Terraces in front of buildings; Street Trees in Building Frontage Zone.

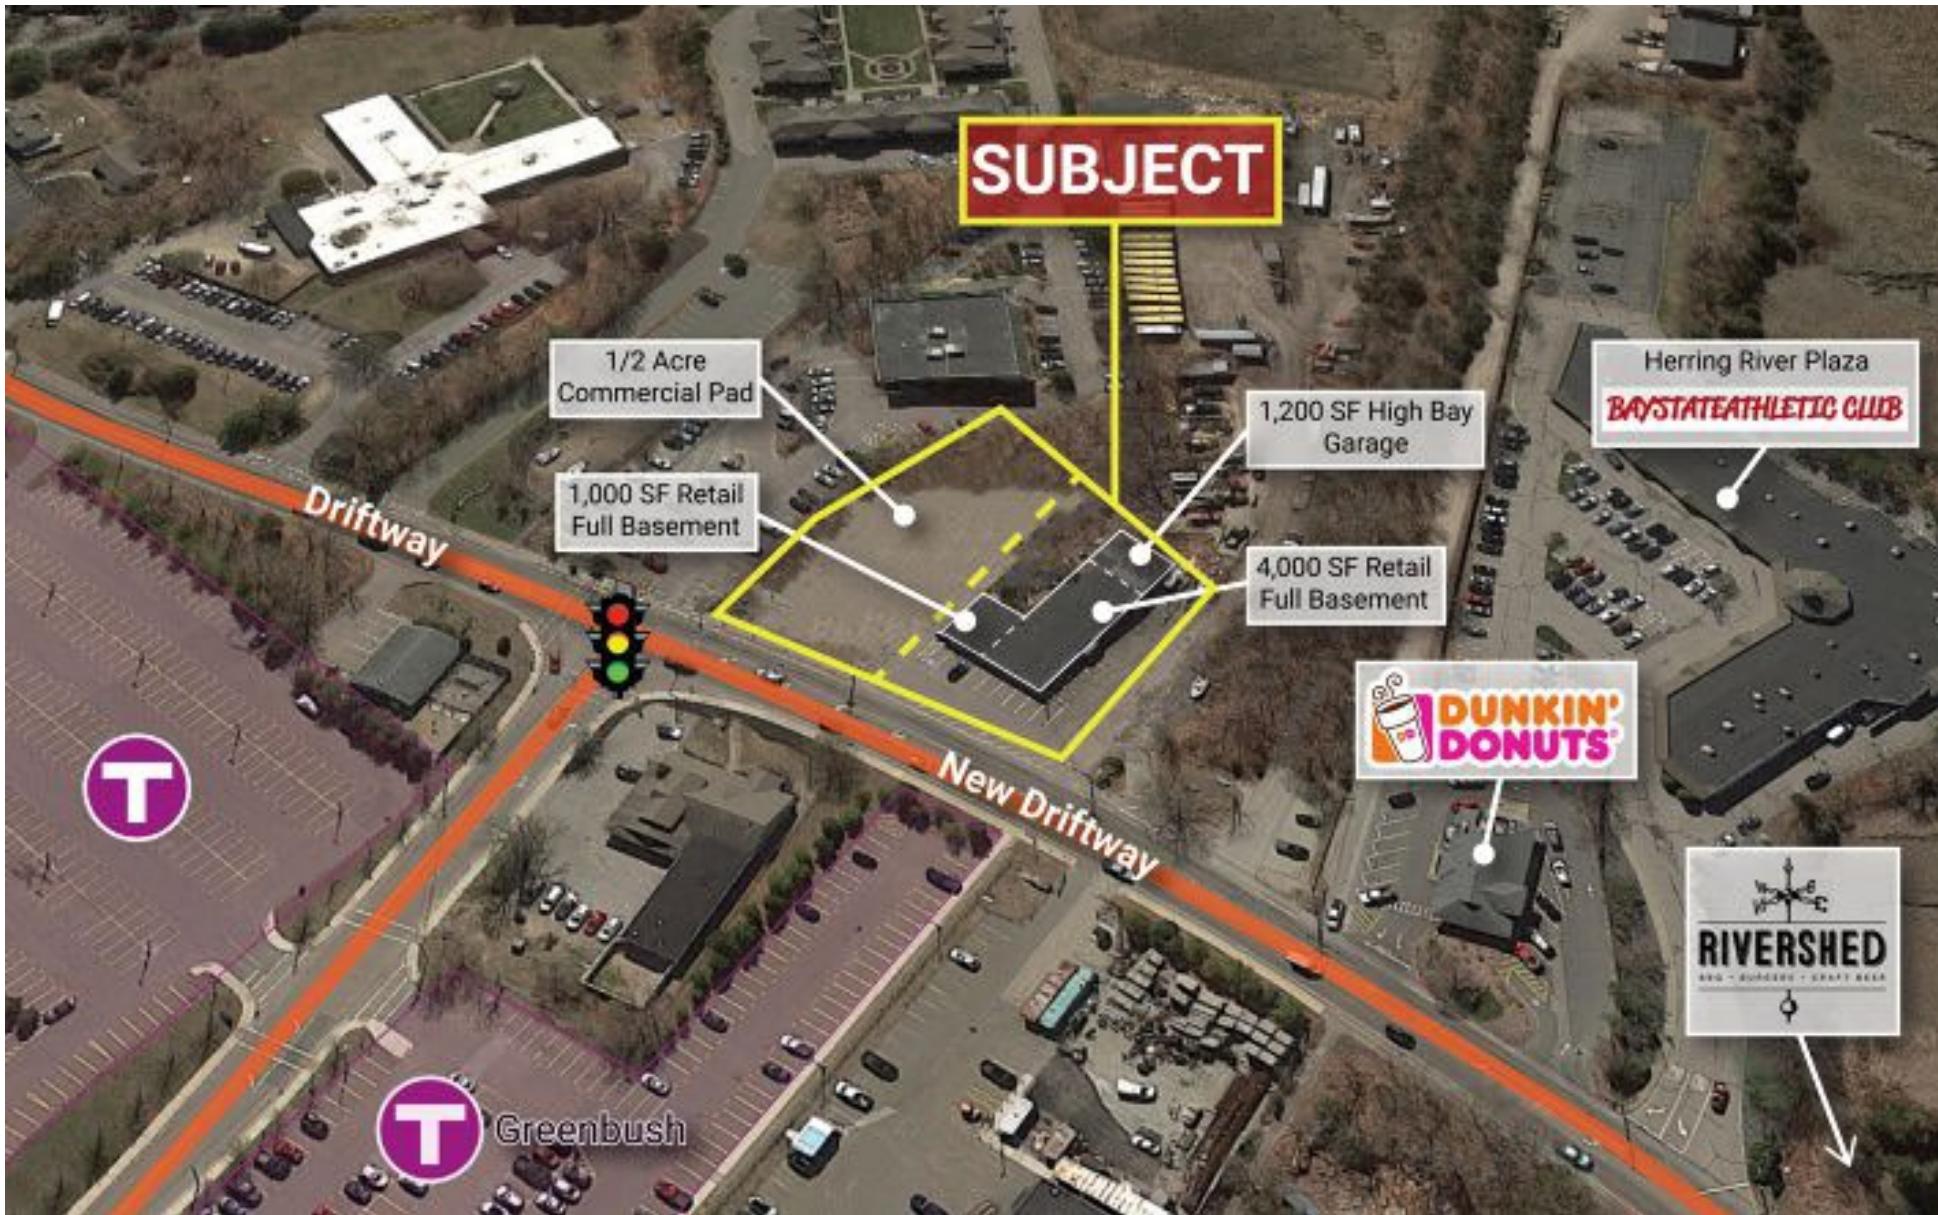

Malta Crossing: Mixed use building; Parking behind buildings; Sidewalk extension and street trees in Building Frontage Zone.

RUSHCO GAS BACKWARD (Gas Station and Convenience Store)

RUSHCO GAS BACKWARD: This building type reverses the conventional site layout for gas stations with convenience store by placing the storefront along the street line and the gas pumps and canopy behind. This reverse layout highlights the building, shields the pumps and canopy and pulls the curbcuts away from the street, creating easier access.
