

Example Towns for Study

The Collins Center Project Team has put together a core list of towns as examples for study and benchmarking. The team will be looking outside this list when appropriate, but these towns were chosen to illustrate a range of governing structures and charter language. These Towns were chosen based upon the following criteria and with input from the Committee Chair:

- Select Board/Representative Town Meeting form of government
- Population between approximately 22,000 and 30,000
- Generally suburban character in Eastern Massachusetts
- Operate under a Home Rule or Special Act town charter, with the exception of Milford, which operates under a combination of Special Acts and Bylaws
